

**Abbey Pumping Station
Museum
Corporation Road
Leicester
LE4 5PX**

An unusual venue for a wedding, Engine House is ideal for those looking for an intimate setting and who appreciate the magnificent achievement of Victorian engineering.

The adjoining Electric Switch Room is available for a champagne reception after your ceremony. Alternatively you may wish to use our new marquee in the museum grounds which has seating for up to 200 guests.

Approximately 1 mile away from the museum is the Great Central Railway Leicester North Railway Station who is able to provide a wedding reception with a difference on a moving train which would need to be arranged separately with the Railway.

Ceremonies at the Abbey Pumping Station can be held on a Monday to Friday at 11.00am, 2.30pm or 3.00pm and on a Saturday, Sunday or Bank Holiday at 11.00am, 1.00pm or 3.00pm.

Couples are required to arrange the Registrars independently to conduct the ceremony for which there is a separate Registrars fee.

The packages which are available are as follows:

Wedding Package A (approximate duration 1 hour).

- Wedding ceremony in our Beam Engine House (up to 28 seated guests/or up to 35 standing)
- Photographs in the Beam Engine House and Grounds.

Wedding Package B (approximate duration 2 hours)

- Wedding ceremony in our Beam Engine House (up to 28 seated guests/or up to 35 standing)
- Photographs in the Beam Engine House and Grounds
- Drinks reception in the Electric Switch Room

Wedding Package C (duration TBA)

- Ceremony in the Beam Engine House
- Drinks Reception in the Grounds (Gazebo or Marquee)
- Photographs in the Beam Engine House and Grounds

Wedding Package A	£470
Wedding Package B	£640
Wedding Package C	Price on Application
